

Planning Lecture | Board and Committee : Fukushima Support Project[Co-organized by Health Physics and Environment Science Division and Radiation Science and Technology Division]

🏠 Wed. Mar 12, 2025 1:00 PM - 2:30 PM JST | Wed. Mar 12, 2025 4:00 AM - 5:30 AM UTC 🏠 Room H(Zoom room 8)

[1H_PL] Reports from the Field: Decommissioning and Environmental Radiation Measurements Supporting Fukushima Restoration

Chair:Takeshi Imoto(UTokyo)

[1H_PL03] Panel Discussion

This session will feature researchers who have been actively engaged in radiation measurement studies related to the decommissioning of the Fukushima Daiichi Nuclear Power Station (1F) and its surrounding environment, sharing their insights from an on-the-ground perspective. In addition to discussing the latest technological advancements, they will share firsthand experiences gained through fieldwork, presenting research outcomes and future prospects. By delving into the current state and future outlook of Fukushima from a field-based perspective, this session aims to deepen understanding and interest in the forefront of research and development contributing to Fukushima's recovery.
