

Master Plan of Large Research Projects 2017 and its Future

*Shuheï Okubo¹

1. Earthquake Research Institute, University of Tokyo

Science Council of Japan (SCJ) called for proposal on Master Plan of Large Research Projects, *i.e.* Master Plan 2017. In this union session, each proposal will be evaluated by SCJ members and associate members and the result will be referred when Earth and Planetary Science Committee recommends candidates for "Selected Large Research Projects".
