Sep. 24th	Oral A							R8 Metamorphic rocks and tectonics				Lunch Time										S1: Dynamics of igneous processes					R3 High-pressure science and deep Earth's material																		
	Oral B					R1: Characterization and description of minerals														R1: Characterization and description of minerals					R2: Crystal structure, crystal chemistry, physical properties of minerals																				
	Oral C					R5: Extraterrestrial materials														R5: Extraterrestrial materials									YMO (details TBD)																
	Poster																	Poster session core time (S1, R1, R5, R8)																											
Sep. 25th	Oral A																				R3: High-pressure science and deep Earth's material					Banquet (18:30–20:30)																			
	Oral B																				R2: Crystal structure, crystal chemistry, physical properties of minerals, crystal growth and applied mineralogy																								
	Oral C																				S2: Water Rock Interaction																								
	Poster													Poster session core time (S2, R2, R3)																															
	Hall			General Assembly (8:45–10:00)						Award Lectures (10:15–11:45)																																			
Sep 26th	Oral A			R4 Mineral sciences of the Earth surface																		R4 Mineral sciences of the Earth surface																							
	Oral B			S3: Rheology and Material Transfer in Mantle and Crust																			R6: Plutonic rocks, volcanic rocks and subduction factory																						
	Oral C					R7: Petrology, mineralogy and economic geology																	R7: Petrology, mineralogy and economic geology																						
	Poster													Poster session core time (S3, R4, R6, R7)																															
	Hall																							Event (details TBD)		Public Lecture (details TBD)
